* For Children/Infants you can bring a fully collapsible pushchair and car seat in addition to their free baggage allowance.

† For **Economy Light**, seated or lap infants will be allowed to purchase 1 bag at GBP45. Infants on lap are only entitled to a maximum of 1 checked bag in all cabins.

Sports Equipment in all cabins should have a maximum weight of 23kg and size of 190x75x65(cm). Passengers wishing to take sports equipment may do so as part of their checked baggage allowance. To carry sports equipment in addition to your checked baggage, you'll need to pay an extra baggage fee. Further information on sports equipment may be found [here](#)

Excess baggage fees

You'll need to pay extra if any of your baggage is overweight or oversized. That includes your baggage allowance and any extra baggage you wish to check, and is on top of any extra baggage charges.

Cabin baggage

Please note that a garment bag cannot be used as your hand baggage unless it fits the dimensions of the hand baggage allowance. If you'd like to bring one but it exceeds 23 x 36 x 56 cm, it will need to be transported as **additional checked in baggage**.

If you want to take your laptop onboard, you'll need to place it in your original hand baggage or check your hand baggage in.

In Upper Class, your hand baggage can also include one garment bag, 20cm (8 inches) thick - again, this shouldn't exceed 12kg. This will count towards your two bag limit.

You must be able to place your hand baggage in the overhead bins unaided.

Cabin baggage conundrums

We've compiled the following list to clarify the bits and bobs you can take onboard in addition to the cabin baggage allowances:

- Your handbag, small backpack/rucksack, pocketbook or purse, as you would normally use it (in other words, not just being used to contain items that would otherwise be regarded as baggage)
- Your overcoat or wrap
- Your umbrella or walking stick (these cannot be pointed or sharp)
- A small camera and/or pair of binoculars
- A reasonable amount of reading matter for the flight
- An infant's food (for consumption on the flight)
- A small amount of duty free goods
- Headphones for onboard use (they'll need the standard 3.5mm jack)
